

Popup Blockers

To view curriculum, your browser or toolbar must allow popups for the following web sites:

- apexvs.com
- apexlearning.com

Generally, there are two ways to configure popup blockers:

- One way is to wait for a popup to be blocked and then follow the on-screen prompts to allow the popup.
- Another way is to manually tell the browser or toolbar to allow popups for specific sites.

Allow or Disable Popups

Listed below are links that explain how to configure popup blocking in web browsers supported by Apex Learning. Note that some browsers only allow you to enable and disable all popups, while other browsers allow you to specify which sites to allow popups for.

- [Microsoft IE 11 Popup Blocker](#)
- [Google Chrome Popup Blocker](#)
- [Mozilla Firefox Popup Blocker](#)
- [Apple Safari Popup Blocker](#)
- [Apple Safari Mobile Popup Blocker](#)
